

(2) Testimonial

(a) USER

(1) Add User View

A hand-drawn UI mockup for a 'Write a Testimonial' form. The form is contained within a rectangular frame. At the top of the frame, there is a header bar with a close button (an 'X' in a square) on the left, a title bar with the text 'TRAVEL BAR' in the center, and a 'login' button on the right. An arrow points from the text 'for admin' to the 'login' button. Below the header bar, the main content area has the title 'Write a Testimonial' underlined. Inside this area, there is a sub-form with the following fields: 'First Name:' followed by a text input box, 'LAST Name:' followed by a text input box, 'Title for testimonial:' followed by a text input box, and 'Story:' followed by a larger text area. Below these fields is an 'Add' button. At the bottom of the main content area, there is a footer bar with the text 'Footer'.
